Non-stop angling:

Based on the Decision ref. No. 28549/2017-MZE-16232 dated June 8th, 2017, the ČRS Council was granted an exception from the times of angling for this fishery for the period from June 16th to August 31st, 2018 and from June 16th to August 31st, 2019 between 00.00 and 04.00 o'clock, and for the period from September 1st to September 30th 2018 and 2019 between 22.00 and 24.00 and 00.00 and 06.00 o'clock.

The conditions of angling during the time of the exception granted were complemented in the following way:

- a) The angling person is obliged to illuminate the angling place by white glare-free light in the period from June 16th to August 31st between 00.00 to 04.00 o'clock and **from September 1st to September 30th between 22.00 to 06.00 o'clock.** Establishing of open fires for these purposes is prohibited.
- d) In the period from September 1st to September 30th 2018 and 2019 between 22.00 and 24.00 and 00.00 and 06.00 o'clock, the bait used may be of vegetable origin only or a whole bait fish (not just parts of it) with minimum length of 20 cm. So called boilies or pellets, a part of which may consist of inhomogeneous components of animal origin, are considered as baits of vegetable origin. *(The conditions given and valid in September are based on the requirements of the Ministry of Agriculture due to the protection of European eel (Anguilla anguilla).*
